1. Who was involved?

Cecilia. And at least 5-6 students attending class or just got off the class in MLC.

2. What parts of the DASG Elections Code or other Governing Documents have been violated?

She was there when students were voting and assisted students to vote for her.

3. List all the facts that substantiate your claim. Attach any documents you wish to have considered.

On March 4th, at approximately 1:12 PM, I witnessed Cecilia stopping students at the entrance of MLC, forcing them to vote. At least 5-6 students passing by were intercepted by her. At that time, she was holding an iPad, instructing students to vote for her. She consistently held the iPad and remained present while students cast their votes, she didn't leave until they confirmed voting for her. After each student cast their vote, she moved on to the next student to tell them to vote. I believe I am not the only witness. I am confident that if the students who were heading to MLC at that time were asked, they should have witnessed or even experienced the situation.
